PLEDGE OF ALLEGIANCE, MEETING FLOW REVIEW & PROTOCOL:

Meetings are tape recorded each month and transcribed to create meeting minutes.

LSA GRANT APPLICATION PACKAGE: “Benezette Township is requesting funding for replacement equipment consisting of pumps, piping, and mixers at the Sewage Treatment Plant (STP) to achieve better treatment than what is currently taking place. These parts for the sewage plant were installed more than a decade ago and continue to be more antiquated each passing year. To ensure the Sewage Treatment Plant runs efficiently within the current NPDES permit limits set by The Department of Environmental Protection, the replacement items noted in this grant application are vital as the Benezette Township does not have the funds to order them currently.”

Supervisor Wilson made a motion to sign the resolution to allow The EADS Group to apply for grant money for the township.
