

EADS CULVERT PROPOSAL 1ST STREET: Tabled

FIRST: SECOND: YES: NO:

COMMENTS: Weber stated we still need some clarification from FEMA on covering the Engineering costs. We need to ensure FEMA is going to reimburse the township for 100% of the engineering costs. Also looking through the EADS proposals, the township can do some of that themselves rather than pay EADS to do it all.

EADS CULVERT PROPOSAL 2ND STREET: Tabled

FIRST: SECOND: YES: NO:

COMMENTS:

REPOSITORY PROPERTY PURCHASE BIDS: Tabled

FIRST: SECOND: YES: NO:

COMMENTS: We need to see if we were paid for the repository bid from 2025 before the township accepts these bids.

ROADMASTERS REPORT: In your packets

TOWNSHIP PUBLIC FORUM:

A resident brought up concerns with Blue Sky. There has been a lot of growth at Blue Sky, and their tax money also goes to Benazette Township. Recently there have been problems with delivery trucks not being able to deliver because of the bad roads i.e., Fed Ex, UPS, Fuel Trucks, etc. He has talked with Mr. Mowrey and there are 3 sections of the development that could be turned over to the township. The township would be able to get liquid fuel tax money for the road. Weber stated the township can take over the roads, but it's the money it will take to get the roads up to code that is the problem.

A resident asked about the walking bridge. Maholtz is going to follow up by seeing if the walking bridge can be categorized historical. If not, she is going to look into grants to replace it.
